

Division 1 Silviculture, Research Group 1.04.00 – Agroforestry

Online Conference - **26-27 July 2023**

Agroforestry systems in the world: differences and similarities

Program
26th of July of 2023 (14:00-17:30 UTC)

14:00-14:10	Opening: Swoyambhu Man Amatya, Coordinator, Agroforestry Research Group (1.04.00) Welcome remark: John Parrota, President, International Union of Forest Research Organizations (IUFRO)
Session 1	
14:10-14:15	Moderator: Sanjeev Chauhan, Deputy Coordinator, Agroforestry Research Group (1.04.00)
14:15-14:25	Study of Silviculture practices in Jhum sites in Nagaland Forest Management Project (NFMP): Their socio-economic and cultural rationale and biodiversity and ecosystem impact vis-à-vis Forestry Models in New Riphym Village, Wokha Nagaland <i>Presenter:</i> Benchelo M Enny
14:25-14:35	Floristic Diversity and Carbon Storage of <i>Tectona grandis</i> (Linn. f) Plantation in Agricultural Landscape of Terai Zone of West Bengal <i>Presenter:</i> Gopal Shukla
14:35-14:45	Does rehabilitation of degraded lands through fruit-based systems enhance the net Greenhouse gas mitigation? <i>Presenter:</i> Sangram Bhanudas Chavan
14:45-14:55	Prioritizing Tree Based Land Management Options for Optimizing Carbon Sink in the Indian sub-Himalayan Region <i>Presenter:</i> Sumit Chakravarty
14:55-15:05	Impacts of environmental variability, forest degradation, and forest management on the biomass, carbon stock, and CO ₂ sequestration potentials of natural forests in Northwestern Ethiopia <i>Presenter:</i> Melkamu Kassay
15:05-15:15	Intercropping of Ashwagandha (<i>Withania somnifera</i> L. Dunal) under Mandarin and Kinnow based Agroforestry Systems in Jhalawar Region <i>Presenter:</i> Prakash Bishnoi
15:15-15:30	Discussion
15:30-15:40	Break
Session 2	
15:40-15:45	Moderator: Sheila Ward, Coordinator, International Society of Tropical Foresters,
15:45-15:55	Silvicultural System in Smallholder agroforestry farmers <i>Presenter:</i> Bernard Maling'a
15:55-16:05	Factors, relationships and dynamics of silvopastoralism in the Mediterranean: the shared understanding of stakeholders <i>Presenter:</i> Antonio Lecegui
16:05-16:15	New methodologies to study the influence of oak crown cover in the Montado, a traditional agroforestry system of the Iberian Peninsula <i>Presenter:</i> Eva Barrocas
16:15-16:25	Assessing food crop production in smallholder agroforestry systems in the Bamenda Highlands of Cameroon: Perspectives of smallholder agroforestry practitioners <i>Presenter:</i> Anjah Grace Mendi
16:25-16:35	Reducing wildfire fuel loads with Silvopasture <i>Presenter:</i> Mark Batcheler
16:35-16:45	Determinants of Adoption of Improved Agroforestry Management Practices among rural farmers in Plateau State, Nigeria <i>Presenter:</i> Ogunlase Olamide Olugbenga
16:45-16:55	Agroforestry Research in the US to Inform Use of Climate-Smart Practices and Programs <i>Presenter:</i> Anne S. Marsh
16:55-17:20	Discussion
17:20-17:30	Closing session: Sanjeev Chauhan

Division 1 Silviculture, Research Group 1.04.00 – Agroforestry

Online Conference - **26-27 July 2023**

Agroforestry systems in the world: differences and similarities

Program
27th of July of 2023 (14:00-17:00 UTC)

Session 3	
14:00-14:05	Moderator: Swoyambhu Man Amatya
14:05-14:15	Fruit trees-spices-vegetables agroforestry for increasing production and maximizing land use <i>Presenter: Abiar Rahman</i>
14:15-14:25	Impact of multipurpose tree species (MPT's) on soil and socio-economic status of farming community of sub-temperate region of Himachal Pradesh <i>Presenter: Rushal Dogra</i>
14:25-14:35	Species composition and ethnomedicinal value of homegarden agroforestry in Mizoram, Northeast India <i>Presenter: Paul Lalremsanga</i>
14:35-14:45	Farm boundary planted Sesbania sesban improves soil fertility and teff yield in the semi-arid areas of Northern Ethiopia <i>Presenter: Daniel Hagos Berhe</i>
14:45-14:55	A general classification of agroforestry practice <i>Presenter: Pratima Bhattarai</i>
14:55-15:05	Woody Species Conservation, Management and Its Socioeconomic Importance of Agroforestry Practice in Ethiopia <i>Presenter: Tsegu Ereso</i>
15:05-15:20	Discussion
15:20-15:30	Break
Session 4	
15:30-15:35	Moderator: Ana Cristina Gonçalves, , Deputy Coordinator, Agroforestry Research Group (1.04.00)
15:35-15:45	First record of Bagworm, <i>Chaliopsis junodi</i> (Lepidoptera: <i>Psychidae</i>) on <i>Acacia mearnsii</i> De Wild in plantation sites in Awi zone, Ethiopia <i>Presenter: Weldesenbet Beze Kassie</i>
15:45-15:55	Socio-economic and environmental sustainability of agroforestry system <i>Presenter: Maxwel Olela</i>
15:55-16:05	Evidence-based resources for selecting agroforestry plant materials in the United States <i>Presenter: Gary Bentrup</i>
16:05-16:15	Agroforestry Systems: A Global Perspective on Integration of Trees and Agriculture <i>Presenter: Faisal Muazu Hasheem</i>
16:15-16:25	LIFE AgroForAdapt project: promoting Mediterranean agroforestry as a tool for climate change adaptation <i>Presenter: Jaime Coello</i>
16:25-16:35	Agroforestry in the Adaptation Strategies of EU Member States - Omissions and Opportunities <i>Presenter: Gerry Lawson</i>
16:35-16:50	Discussion
16:50-17:00	Closing session: Ana Cristina Gonçalves, Swoyambhu Man Amatya, Sanjeev Chauhan
